Description

PageAssignments allows to assign pages to single users or user groups. Assigned user or groups will be notified about changes of an article via email or internal notifications.

Usage / Features

- The extension PageAssignments allows you to assign responsible editors to an articles.
- An article can be assigned one single user, multiple users or even an entire group.
- The responsible editor(s) for the particular article can be viewed in the flyout "Page assignments" of the right toolbox in the tab "Quality management".
- The user assigned to the article can transfer the responsibility to another user.
- Users / groups are informed about all changes to the site and receive special permissions.
- A special page on the wiki (Special:PageAssignments) shows a list of all the articles that you are responsible for.

Technical information

Configuration

Rights (permissions)

Pages can only be assigned to users with "pageassignable" permission, and only users with "pageassignments" permission can assign pages to others.

Requirements

PageAssignments requires [BlueSpiceFoundation](#).
