Node.js is required for the operation of the rendering service "Parsoid" for the Visual Editor. The steps are optional and only required if you plan to use them in your BlueSpice installation.

Installation

Install Node.js via Aptitude:

```
apt update; \  
apt install nodejs npm; \  
apt clean
```

Next step

If you have completed all steps successfully, you can proceed to the next step " [Parsoid](#)".
