About the blog

Basically, a blog is a list of comments, questions, or feedback from different users. The blog is often created chronologically, but it can also be a public journal, a blog, or a place where the contributors can share their thoughts, experiences, and ideas with a broader audience.

The extension [BlueSpiceSocialBlog](#) is part of [BlueSpice](#), the communication module of [BlueSpice](#). It allows you to create a blog on your wiki.

Contributions from all users can be consolidated and displayed chronologically with [BlueSpiceSocial](#) in a timeline and [BlueSpiceSocial](#) can be used to create a blog on your wiki.

Adding the blog to a page

If you want to include a view of your blog on another page of your wiki, for example your homepage, you need to insert the necessary codeblock in the source code of your page.

Transclusion

The extension [BlueSpiceSocialBlog](#) is part of [BlueSpice](#), the communication module of [BlueSpice](#). It allows you to create a blog on your wiki.

Contributions from all users can be consolidated and displayed chronologically with [BlueSpiceSocial](#) in a timeline and [BlueSpiceSocial](#) can be used to create a blog on your wiki.

Adding the blog to a page

If you want to include a view of your blog on another page of your wiki, for example your homepage, you need to insert the necessary codeblock in the source code of your page.

Transclude a page into a page

Vertically centered

The box content is centered vertically and the title has no margin.

Box with padding

This box container has some padding around the content.
Try out 2 or 3 lines as well.

Box without padding

This box container has no padding but there is padding around the text.
Try out 2 or 3 lines as well.

Add a banner to a page

Box without image

A banner can be text-based as well. Just don't add an image.
