About the blog

Basically, a blog is a list of comments, questions, or feedback from different users. The blog is often used to communicate with the community, to the extent of a public journal. A blog communication can also be used to communicate with other community members. Blog can be used to post or provide a personal website.

The extension [BlueSpiceWikiBlog](#) is part of [BlueSpiceWiki](#), the communication module of [BlueSpice](#). In addition to the blog, there are other types of social media widgets, such as comment discussion, photo, attachment, or recording.

Contributions from all these pages can be consolidated and displayed chronologically with [BlueSpiceWiki](#) in a timeline and [BlueSpiceWiki](#) can be used as a timeline.

Adding the blog to a page

If you want to include a view of your blog on another page of your wiki, for example your homepage, you need to insert the necessary codeblock in the source code of your page.

Transclusion

Basically, a blog is a list of comments, questions, or feedback from different users. The blog is often used to communicate with the community, to the extent of a public journal. A blog communication can also be used to communicate with other community members. Blog can be used to post or provide a personal website.

The extension [BlueSpiceWikiBlog](#) is part of [BlueSpiceWiki](#), the communication module of [BlueSpice](#). In addition to the blog, there are other types of social media widgets, such as comment discussion, photo, attachment, or recording.

Contributions from all these pages can be consolidated and displayed chronologically with [BlueSpiceWiki](#) in a timeline and [BlueSpiceWiki](#) can be used as a timeline.

The blog function is ready to use on the special page [Special:Blog](#). This page is listed directly from the main navigation in every new wiki installation. To use your own blog, you need to insert the necessary codeblock in the source code of your page.

Transclusion: Transclude a page into a page

Vertically centered

The box content is centered vertically and the title has no margin.

Box with padding

This box container has some padding around the content.
Try out 2 or 3 lines as well.

Box without padding

This box container has no padding but there is padding around the text.
Try out 2 or 3 lines as well.

Box without image

A banner can be text-based as well. Just don't add an image.
