View help page			

Features

InsertCategory allows to add categories to a page in view mode or in visual edit mode.

Usage / features

This extension is in use in the page information flyout, in the [title section](#) and in the [multi-upload](#) dialog.

Technical information

Configuration

Some aspects of this extension can be configured on Special:BlueSpiceConfigManager, under section "Insert category". Here wiki administrators can configure:

- whether to set the page categories as default in the file upload dialog
- whether to insert a category with its parent category

Rights (permissions)

This extension does not require any special rights. Users must have *edit* rights to be able to insert a category.

Requirements

InsertCategory requires [BlueSpiceFoundation](#).

More info

For detailed description and usage, visit our [help page](#).

Demo

Try inserting categories in our [BlueSpice Demo](#).
