What is RSSStandards?

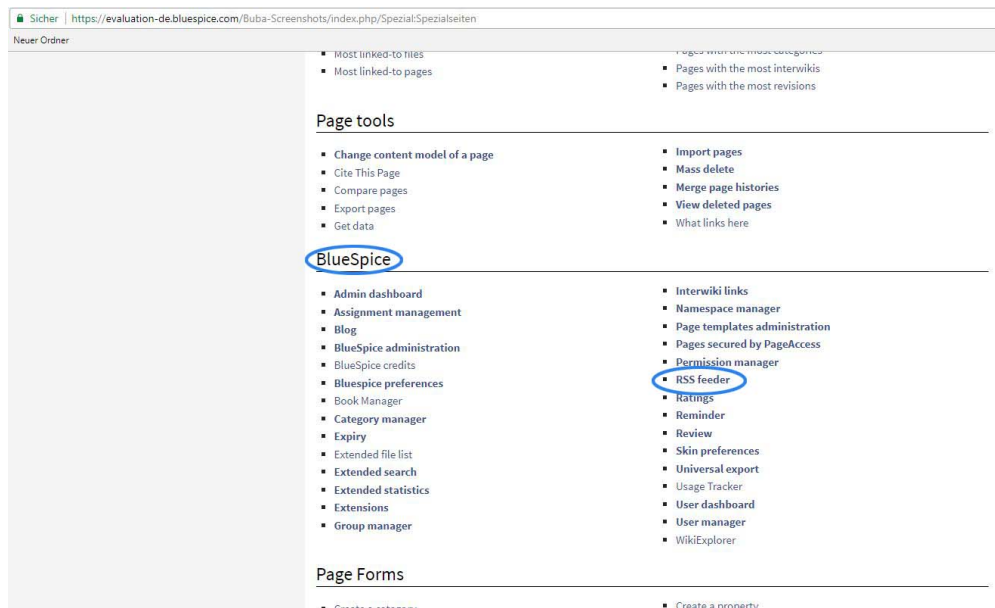

RSSStandards builds RSS feeds based on different options.

Where to find RSSStandards?

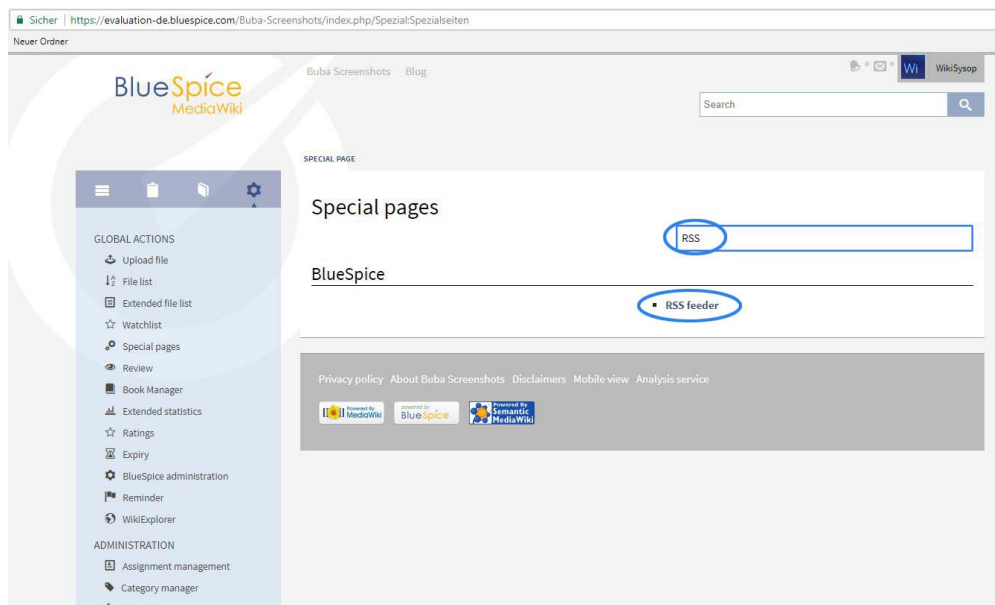

Go to special pages:

Under the item "BlueSpice" you will find the special page "RSSFeeder"

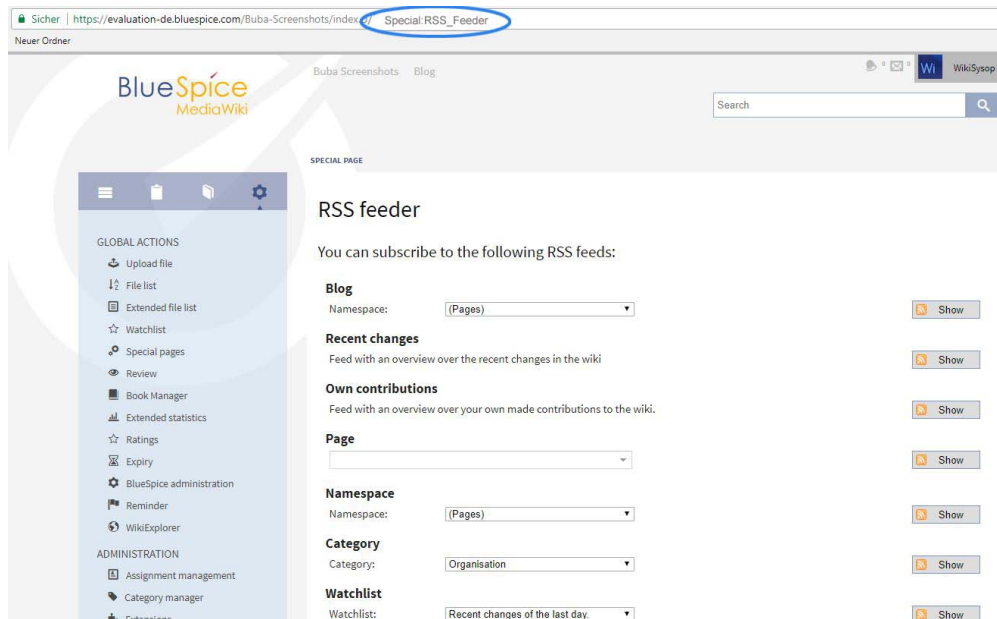

Or here:

It's also possible to use `Special:Special pages` in the URL of the browser. Under the item "BlueSpice" you will find the special page "RSSFeeder".

Or alternatively you can type `Special:RSS_Feeder` into the browser bar.
