

Setup:Installation Manual/2.27.2

A [quality version](#) of this page, [approved](#) on *20 July 2017*, was based off this revision.

- [Installation Manual without installer](#)
This is recommended if you install your BlueSpice on an already existing MediaWiki or if you want to install MediaWiki yourself first (see also [Installation Manual MediaWiki](#)).
- [Installation Manual with installer \(BlueSpice free only\)](#)
This is recommended if you want to install MediaWiki and BlueSpice together in a single installation process.
- [Update Manual](#)
Here you can find an update guide for BlueSpice version 2.23.x (or higher)
