

Reference:BlueSpiceSocialResolve

Extension\|: BlueSpiceSocialResolve

Overview			
Description:	Provides a resolved/unresolved status for BlueSpiceSocial entities		
State:	stable	Dependency:	BlueSpice
Developer:	HalloWelt	License:	GPL v3 only
Type:		Category:	Communication
Edition:	BlueSpice pro		

Features

SocialResolve provides the unresolved/resolved status for SocialEntities. By default, the status functionality is attached to entities of type *topic* (discussion entries).

Usage / features

Warning: Pages in the namespaces *SocialEntity* and *User* are currently indexed by search engines by default. If you run a public wiki, you should [exclude these namespaces from being searchable](#) unless you want these pages to be indexed by public search engines.

This extension adds a button to the social entity topic. Clicking it toggles the unresolved/resolved state of the topic. Closed social entities have a green background by default and their view type is changed to "Short". It is not possible to use this extension for social entities of type *profile*.

Technical information

Configuration

There are no configuration options.

Rights (permissions)

This extension does not provide any new permissions.
