

Manual:Template/Template package

Below is a set of templates which you can import into your wiki. You can upload the entire package. After unpacking the zip file, you can install all templates at the same time or individual templates as needed.

Contents

1	Box note	2
2	Page banner	2
3	Page / section transclusion	3
4	List of subpages	3
5	Clearfix	3

Instructions

1. [Download the package as zip file.](#)
2. Unzip the archive.
3. Go to the special page `Special:Import` on your wiki (this page is only visible to users with admin rights).
 - Select the individual template file you want to upload.
 - Enter a *Interwiki prefix*. Since this field is required for the upload, you can simply enter *hw* (for: hallowelt).
4. Repeat the import for any other import file from the template package.

The templates are now available in your wiki and can be added using the *Insert > Template* function of Visual Editor.

Box note

Note: This is a note.

Tip: This is a tip.

Example: This is an example.

Warning: This is a warning.

Important! This is important.

This is a box without label.

[Add a note box to a page](#)

Page banner

Vertically centered

The box content is centered vertically and the title has no margin.

Box with padding

This box container has some padding around the content.
Try out 2 or 3 lines as well.

Box without padding

This box container has no padding but there is padding around the text.
Try out 2 or 3 lines as well.

Box without image

A banner can be text-based as well. Just don't add an image.
