Features

The extension **BlueSpiceExtendedFilelist** provides a special page to interact with the wiki file repo. It features a friendly user interface that allows sorting and filtering by a variety of fields.

- ExtendedFileList contains a list with files.
- While typing a search string in the search filter, the number of listed files is reduced.
- If there are many results, these are shown on several pages. The maximum number of results per page can be set.
- Columns with different information can be toggled on and off. The columns can be (ascending /descending).
- Columns can be filtered.
- An upload button allows uploading files.
