Every user that is assigned to a page will get those permissions in addition to the ones they already have, meaning that these permissions set here are granted to all users that are responsible for one or more articles.

Summary

BlueSpice

- Articles can be assigned to single or multiple users or groups.
- These users / groups are informed about all changes to the site.
- On each article, it is clearly shown who is responsible for the examination of the content.
- A special page provides an overview of all assignments.
- Additional permissions to users may be granted.

special page on the wiki (Special:PageAssignments) shows a list of all the articles that you are responsible for.
