1.4 How to find articles for which you are assigned for?1.5 Setting permissions for assigned users	
1.6 Summary	

What is PageAssignments?

- The extension PageAssignments allows you to assign responsible editors to an articles.
- An article can be assigned one single user, multiple users or even an entire group.
- The responsible editor(s) for the particular article can be viewed in the status bar of an article.
- The user assigned to the article can transfer the resposibility to another user.
- Users / groups are informed about all changes to the site and receive special permissions.
- A special page on the wiki (Special:PageAssignments) shows a list of all the articles that you are responsible for.

How can a user or group become assigned to an article?

In the right corner, as on image below, you will find the "MORE" menu, in the "MORE" menu, you will find "Edit Assignment"

Every user that is assigned to a page will get those permissions in addition to the ones they already have, meaning that these permissions set here are granted to all users that are responsible for one or more articles.

Summary

- Articles can be assigned to single or multiple users or groups.
- These users / groups are informed about all changes to the site.
- On each article, it is clearly shown who is responsible for the examination of the content.
- A special page provides an overview of all assignments.
- Additional permissions to users may be granted.

special page on the wiki (Special:PageAssignments) shows a list of all the articles that you are responsible for.
