## Description

---

**About BlueSpice** offers an information page, which is delivered with every edition of an BlueSpice MediaWiki distribution.

This extension is very helpful to provide users with additional information from an external source, e.g. a page from a content management system. It was developed for marketing reasons, so that people come via a link to a page in the "backend" of the wiki. The content is embedded via an [iframe](#).

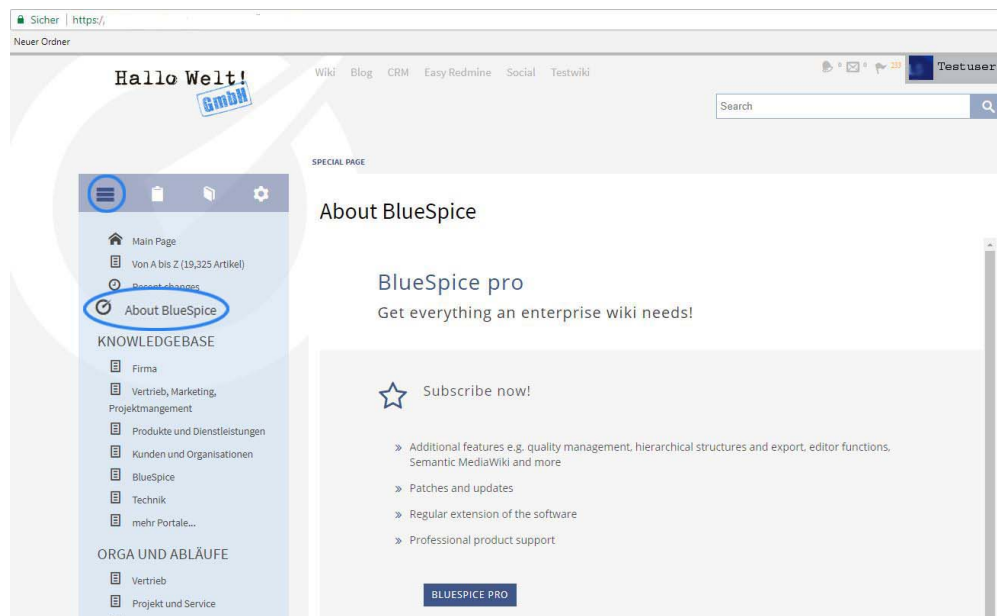

## Usage / Features

---

Inserts a link "About BlueSpice" in the main menu.

## Where to find?

---

## Technical information

---

### Configuration

The appearance of this link in the top and main menu can be deactivated in the global preferences.

### Rights (permissions)

This extension does not require any special rights.

## Requirements

This extension requires [BlueSpiceFoundation](#)

## User manual

---
