

Manual:Functions to enhance your wiki experience

Tidy up!

What use is the best wiki, when you can't find what you're looking for?

Chapter 3 will show you

- how to use
 - [Categories](#)
 - [Subpages](#)
 - [Namespaces](#)
 - [Redirects](#)

to make sure your users find what they're looking for

- [how to configure a table of contents for an article](#)
- [how you can use your watchlist to stay informed of changes that may concern you](#)
- [how the version history of an article can help you to keep track of all changes of an article](#)

Keep an overview!
