## Features

---

## Description

---

**BlueSpiceExtendedFilelist** is special page listing the files in the Wiki. Simplifies the display and search of images and files.

## Usage / Features

---

- ExtendedFileList contains a list with files.
- While typing search string in filter input field, the number of listed Files is reduced.
- If there are many results, these are shown on several pages. The maximum number of hits per page can be set.
- Columns with different information can be toggled on and off. Sorting these columns is possible (ascending/descending)
- An upload button allows uploading files.
