Description

FilterSpecialPages inserts a field in Special:Specialpages to provide a search function.

Usage

Quick access and less searching for special pages: The extension offers a search field at the special page "Specialpages". While typing a search string (e.g. "pages") only special pages with this search string in the title will be shown.

Special_keys:

- Enter: open page link if only one entry left.
- Esc: toggle input selection.

Technical information

Configuration

This extension offers no configurations.

Rights (permissions)

This extension does not require any special rights.

Requirements

This is an extension for MediaWiki. BlueSpice is not required.
