#### **BlueSpice Layout**

Your wiki is divided into several unique areas that group the features of the wiki in a meaningful way. Here we give you an overview so that you can easily find the functionality that you are looking for.

**Note:** Some features are disabled by default in your wiki or only visible to specific user groups such as administrators.

2-Main toolbar	Contains important elements such as the logo area, the search field and access to the user profile.
	The "heart" of the page organization. From here, users can access all pages,
3-Navigation	depending on their permissions. Many navigation elements can be customized.
4-Content area	Here you create and edit all wiki content. Discussions are also located in this space.
	Powerful page management features. This includes important tools for the
5-Page tools	quality management of a page.
