A [quality version](#) of this page, [approved](#) on *28 July 2020*, was based off this revision.

## Wiki administration made easy

---

This administrator manual is supplemental to the general [user manual](#). Many topics that are of interest to wiki administrators, such as important wiki concepts like [namespaces](#), [categories](#), or [templates](#), are already covered there. This administrator manual focuses on the areas of the wiki interface that are only accessible and editable by administrative users with sysop rights.

## Additional resources

---

Here, we don't cover any topics related to server administration and configuration. For questions regarding server issues, you can refer to our [Setup](#) portal.

To view a list and description of all BlueSpice extensions, you can consult our [software catalogue](#).

## Questions?

---

If you have any questions that go beyond what is covered in this user manual, you can also ask administrator-related questions in our support forum at [sourceforge.net/p/bluespice/discussion/1249668](https://sourceforge.net/p/bluespice/discussion/1249668).

We hope you find it easy to accomplish your BlueSpice administrator tasks. If there is anything we can improve — and we are sure there is, please let us know at [info@bluespice.com](mailto:info@bluespice.com).
