Confirm the following dialog with "OK":

Follow the further download instructions and download the installation package to your hard disk.

Please note that the download on your Windows server with Internet Explorer only works if you have configured the Internet Explorer Advanced Security Settings in the Server Manager. Please note the technical documentation from Microsoft.

Installing PHP Manager

Open the downloaded PHPManagerForIIS_V1.5.0.msi file.

Start the installation by clicking "Next >":

Confirm the license (1) and click on "Next >" (2):

PHP Manager for IIS —		\times
License Agreement	[
Please take a moment to read the license agreement now. If you accept the terms Agree'', then ''Next''. Otherwise click ''Cancel''.	below, click	. ''I
