## Reference:BlueSpiceWebDAVClientIntegration

### Extension\: BlueSpiceWebDAVClientIntegration

| Overview            |                                                                                            |                    |                                                                                                                                                                                                                                 |
|---------------------|--------------------------------------------------------------------------------------------|--------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description:</b> | Allows opening files from the browser directly in the client application (Requires WebDAV) |                    |                                                                                                                                                                                                                                 |
| <b>State:</b>       | stable                                                                                     | <b>Dependency:</b> | BlueSpice                                                                                                                                                                                                                       |
| <b>Developer:</b>   | HalloWelt                                                                                  | <b>License:</b>    | GPL-3.0-onlyProperty "BSExtensionInfoLicense" (as page type) with input value "</br>GPL-3.0-only" contains invalid characters or is incomplete and therefore can cause unexpected results during a query or annotation process. |
| <b>Type:</b>        | BlueSpice                                                                                  | <b>Category:</b>   | Document Management                                                                                                                                                                                                             |
| <b>Edition:</b>     | BlueSpice pro (deactivated), BlueSpice Farm (deactivated), BlueSpice Cloud (deactivated)   |                    |                                                                                                                                                                                                                                 |

## Features

**BlueSpiceWebDAVClientIntegration** provides an user user interface for the WebDAV on wiki. It integrates into [BlueSpiceContextMenu](#) to add a menu option for opening files in a client application.

## Technical Information

This information applies to BlueSpice 3 . Technical details for BlueSpice cloud can differ in some cases.

## Requirements

## Integrates into

## Special pages

## Configuration

| Name             | Value                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
