## Features

**InsertCategory** allows to add categories to a page in view mode or in visual edit mode.

This extension is in use in the page information flyout, in the [title section](#) and in the [multi-upload](#) dialog.

Some aspects of this extension can be configured on Special:BlueSpiceConfigManager, under section "Insert category". Here wiki administrators can configure:

- whether to set the page categories as default in the file upload dialog
- whether to insert a category with its parent category
