Features

LDAP Authorization checks for certain authorization requirements when logging into a wiki by using Extension:PluggableAuth or Extension:Auth remoteuser. If one of the requirements is not satisfied, the login process will be cancelled.

MIT

The **MIT License** is a permissive free software license originating at the Massachusetts Institute of Technology (MIT).

A common form of the MIT License is this (taken from the Open Source Initiative's website; this is identical to the "Expat License", and different from the license used in the X source code):

```
