Type:	MediaWiki	Category:	Search and Navigation
Edition:	BlueSpice pro, BlueSpice Farm, BlueSpice Cloud		
For more info, visit Mediawiki .			

Features

The **Popups** extension displays page previews – summaries of the introductory content of a page when the user hovers over a link to that page.

In MediaWiki, any intro text before the first content heading (h2) is displayed in the popup together with the page image (if available). If there is no intro text available, BlueSpice displays the first sentences of the page, including the heading (unformatted).

For more information please visit [MediaWiki](#).
