Template:Clear

Use this whenever a paragraph next to an image is not long enough to push the next paragraph below the image. This tmplate creates space after the paragraph, so that the next heading or paragraph starts after the image.

The template files (*Template:Clear* can be downloaded as part of the [template package](#).

before

Wikis as Knowledge Base

Wikipedia and its sister projects are certainly the most popular knowledge bases. Wikis are created to easily and collaboratively dynamically supplement or update knowledge. Different contributions are quickly linked to each other. As time goes by, wikis become more and more valuable as the connections become richer and more complex.

Content Management

Content management (CM) is a set of processes and technologies that supports the collection, managing, and publishing of information in any form or medium. When stored and accessed via computers, this information may be more specifically referred to as digital content, or simply as content.

Template package

A [quality version](#) of this page, [approved](#) on *23 April 2021*, was based off this revision.

Below is a set of templates which you can import into your wiki. You can upload the entire package. After unpacking the zip file, you can install all templates at the same time or individual templates as needed.

Contents

1	Box note	3
2	Banner box	3
3	Page / section transclusion	4
4	List of subpages	4
5	Clearfix	4

09.05.2025

This document was created with BlueSpice

Page 2 of 4

Instructions

1. [Download the package as zip file.](#)
2. Unzip the archive.
3. Go to the special page `Special:Import` on your wiki (this page is only visible to users with admin rights).
 - Select the individual template file you want to upload.
 - Enter a *Interwiki prefix*. Since this field is required for the upload, you can simply enter *hw* (for: hallowelt).
4. Repeat the import for any other import file from the template package.

The templates are now available in your wiki and can be added using the *Insert > Template* function of Visual Editor.

Box note

Note: This is a note.

Tip: This is a tip.

Example: This is an example.

Warning: This is a warning.

Important! This is important.

This is a box without label.

[Add a note box to a page](#)

Banner box

Vertically centered

The box content is centered vertically and the title has no margin.

Box with padding

This box container has some padding around the content.
Try out 2 or 3 lines as well.

Box without padding

This box container has no padding but there is padding around the text.
Try out 2 or 3 lines as well.

Box without image

A banner can be text-based as well. Just don't add an image.

[Add a banner to a page](#)

Page / section transclusion

Transclude a page into a page

List of subpages

Subpages

- Subpage 1
- Subpage 2
- ...

Lists all subpages of any wiki page
