Contents

Template:Filename

> **Note:**   When uploading a new file, you should check the file/page name for unusual special characters (e.g., `"` , `%` , `/` , `<` , `>` , `[` , `]` , `{` , `}`). Change the name to include only standard characters, since the server file system could have problems with them or since some characters have special meanings in MediaWiki. The special characters `(` , `)` , `&` , `+` can be used and are translated into their equivalent %-hex notation.
